

Notice of utility trial holes, Newcastle Road, M6, J15

November 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Working on behalf of HS2 Ltd, Balfour Beatty is undertaking the highway improvement scheme at the Hanchurch Interchange, M6 J15.

What are we doing

Ahead of the construction of the highway improvements on Newcastle Road, M6, J15, we need to investigate the locations of the Virgin Media and BT cables which run along Newcastle Road. The information will be used in the development of our detailed design.

What will we be doing

We will be hand digging a small number of trial holes in the verge on the south end of Newcastle Road between properties number 25 and 31. In order to complete the survey safely we will need to create a workspace from number 19 to 33 Newcastle Road.

We will do this by installing traffic cones along the Newcastle Road. A member of the workforce will be on hand to ensure that houses affected can always enter and exit their properties.

Newcastle Road will remain open in both directions during our works.

When will the work take place

The trial holes will take one day to complete,

6 December 2022

between 9.30am and 3.30pm

There will be no disruption to your services.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
