

Tittensor Ward

Tittensor village lies immediately adjacent to the A34 trunk road on the eastern boundary of Swynnerton Parish midway between Trentham to the north and Yarnfield to the south.

It takes its name from the family occupying the manor before 1405. The manor house itself, after several rebuilds, was finally demolished in 1834 with the ruins also removed during the 1960s. St Luke's Church was built in 1880 with some of the stone from the manor house. The hamlet became part of the Trentham Estate in the 19th Century but was sold again and enlarged during the 1950s with the 100 council houses built now largely privately owned, and in the 1960s with the development of the major current housing estates (200 houses) and building of the village hall off Winghouse Lane.

Tittensor village is served by a shop/Post Office, St Luke's Church, a well-appointed Village Hall, a First School and a Bowling Club.
